FREE POCKET GUIDE

Five things you can stop carrying

“Remind me tomorrow at 7:30 a.m. to sign the form.”

A timed reminder. Check the saved date and time.

“Add milk to my Groceries list.”

Create that list in Reminders first.

“Remind me when I get home to put the bag by the door.”

Optional location setup and permissions required.

“Set a pasta timer for ten minutes.”

Check the timer actually started.

“What is on my calendar tomorrow?”

Only includes events in accessible calendars.

Say these to Siri. Features vary by device, language and settings. Test a reminder before relying on it. Configure before driving; do not interact with the screen in motion.
